

ANTHONY TITTANEGRO

Partner and Executive Managing Director

PROFESSIONAL HIGHLIGHTS

- 20 years experience in non-traditional investment asset classes
- B.S. in Business Finance, Florida Institute of Technology, Masters of Real Estate, New York University

Anthony Tittanegro is a Partner and Executive Managing Director for Domain Capital, where he oversees the firm’s management and strategic direction. As a member of Domain’s leadership team for the Media, Entertainment, and Technology (MET) business, he applies visionary leadership, a relentless focus on innovation, and a flexible mindset to drive the firm’s strategic investments and expand its footprint in these industries.

Since joining Domain in 2010, Anthony has been instrumental in establishing and growing the MET investment business line from the ground up. This culminated in the launch of a specialized fund in 2020, which drew substantial investor interest with commitments surpassing \$700 million. Prior to this achievement, he spearheaded a series of strategic investments that laid the groundwork for the fund’s inception, directing \$1.5 billion in investments across the media, entertainment, and technology realms—\$800 million of which was invested in select media and entertainment ventures.

With a forward-looking approach, he is known for developing innovative investment ideas, incubating nascent platforms, products, and opportunities, and cultivating them into mature investments. While his underlying approach is conservative, Anthony is sensitive to the evaluation of risk-reward considerations in proposing appropriate strategies to maximize return on clients’ investments.

Before joining Domain Capital, Anthony founded and operated Titan Property Group, a boutique real estate investment and development firm. His previous roles also include an 11-year tenure with PricewaterhouseCoopers (PwC) in their Real Estate Advisory practice and six years of service with Prudential.

Anthony is a member of the Counselors of Real Estate Organization and serves on the Board of Directors of Midcap Financial, a \$40 Billion specialty finance company. He earned his B.S. in Business Finance at the Florida Institute of Technology and his master’s degree from New York University.
