

## PETE CHIAPPETTA

Managing Director

### PROFESSIONAL HIGHLIGHTS

- 15 years' experience in alternative investment management, valuation, and analysis
- Previous experience in the entertainment industry
- M.B.A. in Finance, Fordham University

Pete Chiappetta is a Managing Director and Portfolio Manager at Domain, where his primary role is managing the firm's Media, Entertainment, and Technology (MET) investment strategy. In this role, Pete has sourced over \$4.5 billion of transaction volume and manages over \$2 billion of commitments on behalf of the firm's clients. He also serves as a member of Domain Capital Advisors LLC's investment committee.

During his ten-year tenure at Domain, Pete has been instrumental in executing numerous high-value deals across diverse asset categories and investment frameworks. He was a key contributor to the rapid expansion of the firm's MET division, overseeing the deployment of an initial \$800 million across media and entertainment. Thanks largely to Pete's strategic foresight, Domain successfully launched its first MET fund in 2020, which secured over \$700 million from investors.

Pete began his career with Warner Music Group, then moved on to a series of roles in the television industry. Before joining Domain, he was part of PwC's Financial Instruments, Structured Products, and Real Estate group, where he analyzed complex asset-backed securities (ABS) structures, designed models for niche credit investment opportunities, and covered a diverse portfolio of assets, including credit card receivables, residential mortgage-backed securities (both private label and agency), equipment leases, insurance products, and corporate debt, among others.

He holds a B.S. in Communications with a focus on Entertainment from Emerson College and an M.B.A. in Finance from Fordham University's Gabelli School of Business.
